Karaoke Tracks - or Music Minus One tracks

For singers singing in churches (or even the car or shower!) Karen has made the “Tracks” of all her CDs available. What this means is that Karen’s lead voice is taken out and you sing the lead! The backup singers and all the instruments are there, just the lead vocal has been taken out. Please note this is not the kind of Karaoke where the lyrics show up on a screen, it’s just the CD that you can use to perform with. All the lyrics are available in the CD booklets that come with each CD and also in Karen’s songbooks that feature the words, melody and chords. Go to “store” on her website to purchase.

Other uses
